ABOUT US

Your partner in *every detail*

Since 1984, ORG Tekstil has served the fashion and apparel industry, offering wholesale supply and private-label production of buttons, accessories and fabrics.

From our Istanbul headquarters and Barcelona showroom, we bring original, contemporary collections to brands and manufacturers around the world.

FROM THE FAMILY ARCHIVE · 1953

A HERITAGE ACROSS GENERATIONS

A family business, *handed down*

Our family's journey into the world of buttons and accessories goes back to the 1950s. The knowledge, craftsmanship and love of materials passed down from generation to generation laid the foundations of ORG Tekstil, founded in 1984, and still guide every product we make today.

PRIVATE LABEL

Tailor-made design for your collection

We work with you from concept to delivery to develop buttons and accessories that carry your brand's identity. Every project includes detailed artwork approval before production, and samples let you see the result in advance.

Customisation does not increase the minimum order quantity, and its additional cost is minimal. For large and ongoing projects, we offer stock reservation.
